PREVIOUS MEETING FOLLOW-UP

Action items from the last meeting

Task 1: Frontend Design - Assigned to Jie and Zirui

- Progress: The frontend UI for user and recipe page is almost done.

Task 2: Backend Design - Assigned to Kaicheng and Shuren

- Progress: The backend API for user and recipe is almost done, but some P1 and P2 features need to be added.

TOPICS

TIME ALLOTTED:

20 min

AGENDA TOPIC:

Overall Progress

PRESENTER:

Shuren, Zirui

ACTION ITEMS**PERSON RESPONSIBLE****DEADLINE**

Frontend features

Jie, Zirui

Mar 21

Backend APIs

Kaicheng, Shuren

Mar 21

Decision: Comment features, avatar for user, bookmark for recipe still need to be implemented, both for frontend and backend. Login function for frontend still needs to be fixed.

TIME ALLOTTED:

20 min

AGENDA TOPIC:

Presentation related

PRESENTER:

All

ACTION ITEMS**PERSON RESPONSIBLE****DEADLINE**

Things to present in the video

All

Mar 21

Decision: Since 3 mins is short, we need to be as brief as possible. We will present the code structure and the related functions, each one is responsible for their own part, about 40 seconds for each one. If Comment is not done before the presentation, we will skip it.
